

Education: Smart Safety

RESPOND QUICKLY & INTELLIGENTLY

If there's an emergency, access live video and add users instantly for real time decision support.

SAFETY FIRST

Video analytics are always on, enabling proactive response instead of reacting after the fact.

EXTREMELY COST-EFFECTIVE

Keep existing cameras and add only a single compact device to get ALL Cloud-based management functions.

INCREASED SAFETY AND SECURITY ON CAMPUS

BENEFITS

- ✓ REMOTE ACCESS
- ✓ INSTANT SEARCH
- ✓ PUSH NOTIFICATIONS
- ✓ ALARM VERIFICATION

Creating and maintaining a safe learning environment for students and staff, combined with the need to react quickly in an emergency, is always top priority. CheckVideo is a state-of-the-art video security solution that enables the video system – even an existing analog system – to work much smarter.

Based on technology implemented by the Department of Homeland Security, and with more than 15 years of proven field experience, CheckVideo uses video analytics to provide instant alerts of relevant activity. Share videos with campus police, guard forces or emergency responders in real time, with full web and mobile access, unlimited users and no IT investment ever. Please contact us today!
