

SECURITY

Search Video...in Seconds.  
That's Surveillance, Simplified.

**CHECK**VIDEO

**73% of organizations have at least one application in the cloud.**

Business Services delivered through the cloud provide greater reliability and functionality while being easier to maintain, update and administer.

*- IDG Cloud Computing Research*

# Services are moving to the Cloud.

It's convenient, reliable, and provides peace-of-mind.

**Gmail**

**Dropbox**

**Netflix**

**Office 365**

CheckVideo delivers  
video surveillance  
through the cloud.

## **GENERATION 1**

**DVR**

Local recording and viewing only, single user, lower resolution.

## **GENERATION 2**

**NVR**

Network viewing and playback, multi-site, high-definition video. On-site servers and software.

## **Generation 3**

**CLOUD**

Web and Mobile viewing, video analytics, cloud backup, unlimited users and sites, small footprint with automatic updates.

## Already have cameras?

Re-use existing cameras. Keep costs down. Easy enrollment into the cloud for coaxial or IP cameras.

## Do your cameras talk to you?

CheckVideo cameras **instantly alert** you to activity at your site.

Smart dispatch **prevents crime** instead of investigating it.

Industry leading **video analytics** proven in mission critical environments for over 20 years makes this possible.

# Trusted by clients for over 20 years.

“

The online capabilities are great, it's really user friendly, there hasn't been a problem with the way that anything works. From ease of obtaining, to ease of install, to ease of use, everything's fairly seamless and the capabilities are amazing so I'm completely content and would recommend it to people.

— Chief of Campus Police, Concordia University Texas

It's easy to make it a smart system where we can get actual events and provide a higher level of security, prior to CheckVideo coming out it would be a big expense to replace everything.

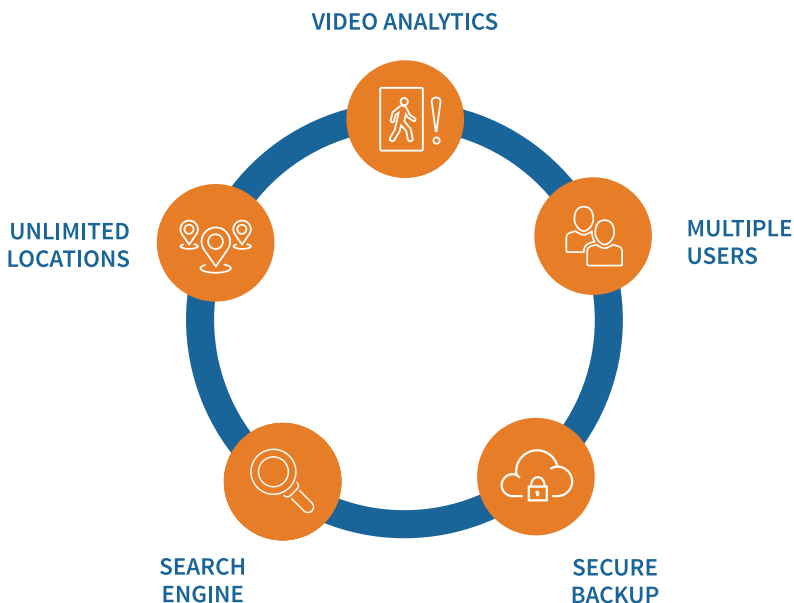

— Brandon Niles, Acadian Monitoring

Our biggest event is the Cherry Blossom which will be coming up again and our holiday parade of light boats. Each time we get 50,000-75,000 people. There have been almost 12 million visitors on the site and again we're proud. CheckVideo technology helps me and my team to keep us safe and sound.

— Director of Security, District Wharf

”

# Reliable protection has never been this simple.

## About CheckVideo

CheckVideo is the leading provider of cloud-based intelligent video surveillance and alarm verification solutions for enhanced security, public safety, and business operations.
